24 January 2024

Subject: Nomination for the 2024 Chinese Government Scholarship Auditing Master Program in Nanjing Audit University

Dear colleague,

On behalf of the National Audit Office of China (CNAO), I am pleased to inform you that, the Nanjing Audit University (NAU) will continue its Chinese Government Scholarship Auditing Master Program in 2024, which is open to eligible candidates recommended by Supreme Audit Institutions (SAIs) in developing countries, and I am writing to invite you to make a nomination for the 2024 CGSAMP Program.

To strengthen auditors' professionalization and capacity building, the NAU, with the support of CNAO and the Ministry of Education of China, launched the CGSAMP Program in 2016 to assist SAIs of developing countries to foster professional auditors who are competent in knowledge and skills of modern government auditing. The Program has achieved good results since it was launched. 217 people already graduated and the feedback from SAIs, students and stakeholders is very positive. The Program has since attracted attention of the top leadership. In July 2023, in response to the CGSAMP students' letter extending appreciation for their rewarding learning experience under the Program, Chinese President Xi Jinping congratulated the students for their academic and professional progress and encouraged them to deepen mutual exchange and learning with Chinese auditors.

The CGSAMP Program is a two-year program and all courses are offered in English. The curriculum of the Program consists of four parts, namely, general courses, core professional courses, elective courses and internship. In the Program, students will engage in classroom training, discussions and case studies, and participate in international seminars. Apart from lecturers from NAU itself, senior auditors from CNAO will also deliver lectures to the students. Moreover, the students will have the opportunity to visit audit institutions at various levels and engage with the auditors. As for NAU, it has become a prestigious institution of higher learning in the auditing community and beyond since its founding in 1983 and a large number of audit talents trained at the NAU have gained recognition from public and private sector employers, in external as well as internal audit circles.

If you wish to make nomination for the 2024 CGSAMP Program, please refer to ***Enrollment Information*** attached to this letter, and nominate **FOUR candidates** from your SAI, or from an internal audit body or a public accounting firm. Alternatively, you may also nominate persons aspiring to government auditing with proper qualifications. Your nominee must complete the online application procedures as required. Eligible applicant will receive a scholarship to cover relevant expenditures, more information can be found in the attached ***Enrollment Information***.

I take this opportunity to wish you, your colleagues and your loved ones good health and look forward to your nomination.

Yours sincerely,

HOU Kai
Auditor General

南京审计大学
NANJING AUDIT UNIVERSITY

About the Program

i. General Information

◆ Brief Introduction

The Chinese Government Scholarship Auditing Master Program (CGSAMP) mainly funds the auditors or audit-related professionals from supreme audit institutions (SAIs) and audit-related departments of developing countries, who already have bachelor's degrees, adequate working experience in auditing, as well as a good command of English in both spoken and written communication. The Program aims to cultivate high-level, interdisciplinary and application-oriented audit professionals, who possess good professionalism, a strong sense of work ethics, a systematic command of knowledge and techniques in modern government audit and relevant fields, and the ability to make sound audit judgment and solve practical audit problems.

Nanjing Audit University has undertaken the Chinese Government Audit Scholarship Program since 2016, and has accumulated rich experience, good resources and conditions for running the program.

◆ **About the Applicants**

This Program mainly funds the auditors or auditing-related working staff from SAIs of developing countries, who already have bachelor's degrees before application and a certain amount of work experience in auditing.

◆ **Cultivation Objectives**

The Program aims to cultivate high-level, interdisciplinary and application-oriented audit professionals: who possess a certain level of communication skills in Chinese language that enable them to strengthen communication and mutual learning with their Chinese counterparts; who possess good professionalism and a strong sense of work ethics that enable them to understand the socialist auditing system with Chinese characteristics, and understand China through the auditing platform; who actively contribute to promoting international exchange and deepening the friendship and cooperation between countries through the platform of auditing; and who possess a systematic command of knowledge and techniques in modern national audit and relevant fields, and the ability to solve practical audit problems and sound audit competency.

◆ **Admission Quota**

The 2024 Chinese Government Scholarship Auditing Master Program is undertaken by Nanjing Audit University. The 2-year program plans to enroll 50 full-time candidates in the major of government audit and all the courses will be taught in English.

◆ **Financial Aid**

1. After admission, the students do not have to pay for the tuition fee, textbooks and learning materials, the research and field trips, the subsidies for developing the English-taught program, the graduation thesis guidance fee.

2. A free room on campus will be provided to the students.

3. The standard for living allowance is RMB 3,000 yuan per person per month from the registered month till August 2025, which will be paid to the students on a monthly basis by Nanjing Audit University.

4. The students will be provided with comprehensive medical insurance in China.

5. The scholarship also covers a flight ticket for a student to come to China at enrollment and a flight ticket for a student to go back to their home country at graduation.

6. An annual review will be conducted for each student, and those who pass the annual review can continue their studies with the support of the scholarship.

7. The remaining part of the scholarship will be utilized by CSC or Nanjing Audit University according to an overall plan and will not be distributed to students. CSC only sponsors the students who graduate within the program duration. The students who have to postpone their studies due to various reasons will not be further funded.

ii. About Nanjing Audit University

◆ Overall Introduction

Nanjing Audit University (NAU) is the only full-time undergraduate institute at home and abroad that carries "Audit" in its name, and is one of the birthplaces of audit higher education in China. It has been established, developed, flourished and elevated for audit. NAU was initially founded in 1983, and became a university jointly built by the Ministry of Education, the

Ministry of Finance, the National Audit Office and the People's Government of Jiangsu Province in 2011, and became a master's degree granting unit in 2013, and was approved by the Ministry of Education to change its name to the current name in 2015, and in 2022, the university became a doctoral-granting unit officially and was selected as a B-class university under the Jiangsu High Level University Construction Summit Plan. On July 4, 2023, President Xi Jinping replied to the international students of the MAud program, encouraging them to strengthen communication and mutual learning with their Chinese counterparts, to learn more about and understand China through the platform of auditing, and to actively contribute to deepening friendship and cooperation between countries.

NAU's current full-time undergraduates, postgraduates and international students total more than 18,000. It has a full-time teaching faculty of more than 1,200, amongst whom more than 200 with senior professional titles, 760 more with doctoral degrees. Today's NAU consists of two campuses in Pukou and Mochou respectively, covering a total area of 1.2 million square meters. The CPC School of National Audit Office of China and its Audit Academy are both located on NAU Pukou Campus.

NAU has built a system of disciplines and specialties with auditing as the brand and the disciplines of economics, management, law, engineering, literature and science supporting each other and developing in a synergistic way. The university has 1 post-doctorate station, 1 first-level doctoral degree program, 8 first-level master's degree programs, and 13 master's degree programs. There are 3 advantageous disciplines in Jiangsu universities and 6 key disciplines in Jiangsu Province. The university received an A grade in the comprehensive evaluation of graduate student education of the provincial level for three consecutive years.

NAU has 20 colleges, and 5 special research institutes; it has implemented the "dual system" education model of academies and colleges.

NAU has 38 undergraduate majors, including 18 national first-class undergraduate majors, 11 provincial first-class majors, 3 special majors of the Ministry of Education, 2 "Comprehensive Reform Pilot Projects" of the Ministry of Education, 5 "Twelfth Five-Year Plan" key majors of Jiangsu Province, 3 brand majors and 5 special majors of Jiangsu Province. There are 14 national first-class undergraduate courses, 1 national level ideological and political demonstration course, and 1 national level virtual teaching and research team. The university has 1 national teaching team, 8 national teaching teachers of curriculum thinking and politics, 1 national ideological and political education teaching team, 5 excellent teaching teams of "Youth and Blue Project" in Jiangsu Province.

NAU is the organizer of the CGSAMP program which were co-established by the National Audit Office of China and the Ministry of Education, and the organizer of Master of Auditing Program which was established by the Ministry of Commerce. It enrolls and cultivates student of master's degree in auditing from countries along the "the Belt and Road", and has passed the accreditation of overseas student education by the Ministry of Education. It has been certified by IIA as the only IAEP partner-level university in China, and has been engaged in student exchange, faculty recruitment, mutual recognition of credits, and scientific research cooperation with global partner universities. It has been accredited by ACCA as the "University that Has Trained Most ACCA Talents" and "Platinum Level Training Institution"; it has also cooperated with many world-renowned institutions in the UK, the USA, Russia, France, Australia, Korea, Italy, South Africa, Kazakhstan and so on; it has cooperated with SKEMA Business School in France to establish an international joint audit school and established a cooperative education program in accounting with Curtin University in Australia. The university has been approved as a base construction unit for the Ministry of Education's "High-level International

Talent Training Innovative Practice Project". The university has collaborated with the Center for Cultural Exchange between China and Foreign Countries of the Ministry of Education to establish the "Institute for Audit Cultural Exchange between China and Foreign Countries". It is selected for the "Jiangsu UK High Level University Alliance", "Jiangsu Canada University Cooperation Alliance", and "Jiangsu Korea University Cooperation Alliance". A total of 71 person-times were selected to perform 101 UN audit assignments, and 15 faculty members were selected for the UN audit talent pool; We have established extensive cooperation with international organizations such as INTOSAI, ASOSAI, United Nations Board of Auditors, United Nations Office of Internal Oversight Services, World Bank, The Institute of Internal Auditors, Association of Chartered Certified Accountants, International Federation of Accountants, etc. Richard F. Chambers, the former President and CEO of IIA, was appointed as the overseas dean. Auditor-Generals from nearly 30 countries and regions such as the United States, France, Brazil, India, South Africa and others, have been appointed as honorary professors of NAU. NAU has organized more than 30 important international conferences, seminars, forums, etc.

The university has been ranked among the first-class universities in the comprehensive assessment in Jiangsu Province for three consecutive years. At present, NAUers are being led by the Party Committee of the university, guided by President Xi Jinping's thought of socialism with Chinese characteristics in the new era, anchored on the goals established by the fifth Party Congress of the university, and striving to build a world-class university with distinctive auditing characteristics.

◆ **About the Program Implementing Units**

1. School of International Students (SIS)

The School of International Students of Nanjing Audit University caters to international students and aims to promote cross-cultural exchange among Chinese and foreign students, cultivating international talents who are familiar with Chinese culture and committed to the common development of countries around the world. Up to now, a total of 304 international students from 73 "Belt and Road" countries have come the university to further their studies in auditing, and 219 of them have successfully completed their master program and become the backbone in the auditing area and the friendly ambassadors for auditing exchanges between China and their home countries.

SIS shoulders responsibilities of recruiting all-leveled qualified candidates for China Government Scholarship, specialized scholarships sponsored by different Chinese ministries, Jiangsu Provincial Scholarship, Nanjing Municipal Scholarship, and Nanjing Audit University International Students Scholarship. With the focus on the brand-major of auditing, the scholarships are available for both undergraduates and postgraduates in 15 different majors, such as auditing, accounting, economics, international trade, etc. SIS is in charge of the strategic planning of international students' affairs of NAU, the students' enrollment issues and daily administration. It has 2 offices, namely the Office of General Affairs (OGA) and the Management Office of International Students (MOIS), and has 5 international student education practice bases.

2. School of Government Audit (SGA)

The School of Government Auditing (SGA) is positioned to cultivate multi-level high-quality auditing professionals, build an auditing theory research base, and create a senior think tank to serve national governance and regional economic development. SGA innovatively selects and hires outstanding teachers as master's supervisors of auditing majors throughout the university, there are 5 doctoral supervisors, 90 master's supervisors, 5 second-level professors, 2 "Excellent Talents of the New Century" from the

Ministry of Education, 3 “High-end Accounting Academic Talents” from the Ministry of Finance, 8 "333 High-level Talents Training Project" from Jiangsu Province, 6 academic leaders from the "Youth and Blue Project" of Jiangsu Province, 7 excellent young backbone teachers of "Youth and Blue Project" in colleges and universities in Jiangsu Province, 1 excellent teaching team of "Youth and Blue Project", 1 special professor in Jiangsu Province, 4 high-level talents of "Six Talent Summits" in Jiangsu Province, 11 scholars are among the top 100 most influential scholars in auditing disciplines in China, and the "Auditing Postgraduate Tutor Team" was nominated the "Top 10 Tutor Team" in Jiangsu Province.

◆ About the Living Environment and Accommodation Conditions

Nanjing, known as Jinling in ancient times, is the capital of Jiangsu Province. It is a sub-provincial city, a mega-city, the core city of Nanjing metropolitan area. It is also an important central city in the eastern region of China, an important national scientific research and education base and a comprehensive transportation hub as determined by the State Council. Nanjing is located in the eastern part of China, downstream of the Yangtze River, near the river and the sea, and is an important gateway city of the Yangtze River Delta radiating and driving the development of the central and western regions, as well as an important node city of the strategic intersection of the eastern coastal economic belt and the Yangtze River economic belt, as planned by the State Council.

Nanjing is a hilly area, dominated by low hills and gentle hills, with a humid north subtropical climate and a water area of more than 11%. It is one of the first national historical and cultural cities, an important birthplace of Chinese civilization, and has long been the political, economic and cultural center of southern China. Nanjing has a humid climate with four distinct

seasons and a moderate price level, the annual average temperature is 15.4 °C. It is a suitable place to live in.

Nanjing Audit University provides single rooms on Pukou Campus for CGSAMP students. Each room is equipped with an air-conditioner, a refrigerator, a washing machine, a washroom, shower facilities, wireless network access, etc. A shared kitchenette is available on each floor of the building. Apart from dormitories and canteens, there are sports playgrounds, clinic, post office, convenience stores, hair salon, laundry shop, printing shops, etc. There are public buses and taxis available right outside of the school gate, and it takes less than 10 minutes' bus ride to the center of the local downtown. There are banks, supermarkets, restaurants, hospitals and city metros available in the district community.

iii. Education Plan

◆Course Settings

The CGSAMP students are required to attain 47 credits to fulfill the requirements of degree application. The course system is composed of seven modules, namely, compulsory basic courses, specialty core courses (for degree), general knowledge courses, selective courses, master course, international conferences and academic lectures, practice and internship, and degree thesis.

- Basic course: 14 credits, compulsory.
- Specialty core courses (for degree): 20 credits, compulsory.
- Selective courses: 6 credits at least.
- Master Course: 1 credit, compulsory. Students are required to attend lectures given by current or former senior officials from the highest audit institutions of China or other countries around the world or various

international audit organizations for at least 16 class hours. A report based on these lectures is required to be submitted.

● International conference and academic lectures: 1 credit, compulsory. Students are required to attend at least international conferences or academic lectures 6 times. Relevant academic reports are required to be submitted to tutors and the administrative body.

● Practice and internship: 2 credits, compulsory. The students are required to attend the on-site study tours co-organized by China National Audit Office and Nanjing Audit University for the CGSAMP Students, including attending topic-related lectures held before the trips, accumulating related materials for study, taking part in the study tours, and writing a report based on each study trips. The report should include insights from the Chinese audit practice experience discovered during the study tour on conducting relevant audit work in the students' own countries.

(Picture: on-site study tours co-organized by CNAO and NAU)

● Degree thesis: 3 credits, a compulsory part for graduation and the degree application.

◆ Degree Thesis

Degree thesis should be closely linked with national auditing practice and reflect students' competency in applying audit and related discipline theory, knowledge and methodology to analyze and solve practical problem. It can be written in the form of an academic research report, a policy research report, a monographic study, or a case analysis. Whatever the form of the thesis, it should reflect the students' capability in applying basic theories and professional knowledge to solve practical issues.

Both Chinese and English languages are all accepted in writing the thesis, while the abstract is required to be written in Chinese.

International students without special cases are required to stay in China in the 4th semester to complete their thesis writing as well as the internship.

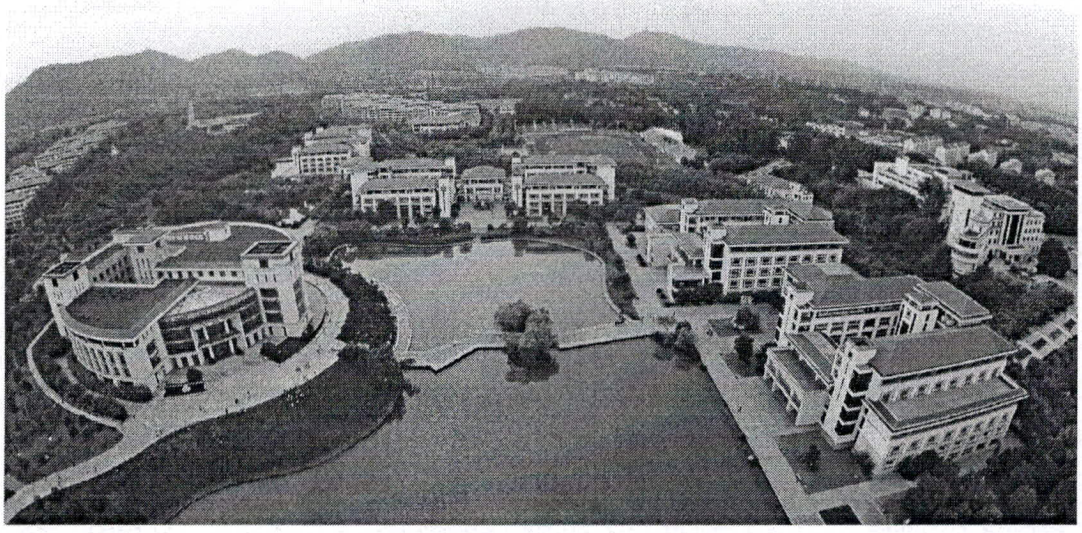

In case of materials and data needed from home countries for the thesis writing, this should be done during the summer or winter vacation.

The Thesis defense must be taken in Nanjing Audit University upon gaining all the required credits. The form of thesis defense is to be decided by the related cultivating departments. The Thesis Defense Committee would include some experts with professional posts in the audit practice field. Three credits will be granted to a successful defense.

◆ Degree Conferring

According to Nanjing Audit University CGSAMP Program Education Plan, the students are required to: finish all the required courses and gain the required credits, write a degree thesis in topics related to audit and pass the thesis defense, and pass the International Chinese Proficiency Test (HSK Level 3).

Having attained all the credits, passed the thesis defense, and met the requirements listed in the Regulations on Academic Degrees of the People's Republic of China, candidates need to file an application for the degree. Candidates are to be conferred the Master of Auditing at the approval of the University's Academic Degree Evaluation Committee.

Application Methods

i. Criteria for Application

2024 Chinese Government Scholarship Auditing Master Program is intended for auditors or auditing-related working staff from respective SAIs of developing countries in Asia, Africa, Latin America and South Pacific Region. Applicants should meet up with the following requirements:

1. Applicants should be non-Chinese citizens from developing countries who are below 45 years old (born after September 1st, 1979).

2. Applicants should be in good physical and mental health. The health certificate or the physical examination form issued by local public hospital is required. They should not carry any entry-forbidden diseases in accordance with the Chinese laws and regulations. No serious hypertension, cardiovascular disease, diabetes, cancer and other severe chronic diseases, mental illness or other diseases that might cause massive infection and severe harm to public health; not in a major surgery recovery phase or acute disease ictal phases, no serious physical disability. In accordance with relevant regulations, females that are pregnant shall not be admitted, and the scholarship will be discontinued when the females get pregnant in the process

of study.

3. Applicants are supposed to have bachelor's degree or degrees above bachelor's degree and the work experience of at least 3 years.

4. Priorities will be given to applicants who are involved in the work or study related to audit.

5. Priorities will be given to applicants who are government officials ranked as or above section chiefs in their home countries, who are senior managers of various institutions or enterprises, who are academic backbones of higher educational and research institutions.

6. Applicants should have a good command of English which enables them to learn the courses taught in English (Reference: IELTS 6.0 or above, TOFEL 80 or above or other English test certificates with similar level).

7. Applicants should have career development potential in the relevant field and be willing to promote the friendly exchange and cooperation between their home countries and China.

8. Those who are currently studying in China or admitted by other Chinese Government Scholarship programs are not allowed to apply for this program.

ii. Application Procedures

◆ Application Documents

Please get the following documents ready before you start your application:

1. Recommendation Letter from Institutions: The recommendation letter issued by the institution with which the applicant works should include introducing the applicant and expressing the willingness to recommend the applicant to study in China. Applicants recommended by SAIs should present the recommendation letter from Head of SAIs. Priorities will be given to

those applicants with recommendation letters written by Head of SAIs.

2. Recommendation Letter from Professionals. The letter should be written by professionals with the title of associate professor or higher. The letter should focus on academic qualification, major field of study, achievement and research ability.

3. Photocopies of Diploma or Certificate: "Graduation Certificate" and "Certificate of Degree" of your most advanced studies.

4. Photocopy of Academic Transcript of your most advanced studies.

5. Resume: Please specify your personal experience, academic experience after high school, and work experience.

6. Statement of purpose: Please specify your personal plan and purpose of studying the related major in China.

7. Study or research plan: Please specify the goals of study and research to be accomplished during the study in China.

8. Photocopy of the private passport: the photocopy of the information page of the passport, which clearly shows the photo, the name and the passport number. Do NOT use the diplomatic passport or the official passport.

9. Photocopy of the language proficiency certificate: the transcript or certificate of English language proficiency tests such as TOFEL or GRE etc., which is required of applicants from non-English-speaking countries.

10. Two 2-inch bareheaded photos in white background that are taken within 3 months before application.

11. Physical Examination Record for Foreigner: the physical examination record which is done within 1 month before application, which proves that the applicant does not carry any serious infectious diseases, the disability that affects the study, or any entry-forbidden diseases in accordance with the Chinse laws and regulations.

Note: All materials need to be authentic and valid, once the fake

materials are found, the admission qualification will be permanently cancelled.

◆ Application for Enrollment

Applicants who meet the above-mentioned requirements need to log into Nanjing Audit University International Students Enrollment System (Website: http://apply.nausie.cucas.cn/). After successful registration, select CGSAMP Program sponsored by CSC from the application interface, follow the operation steps to complete the application process and click submit.

◆ Application for Scholarship

Applicants must log onto http://studyinchina.csc.edu.cn for application. After registration and log in, applicants can choose "Online Application" and then "China Government Scholarship", and fill in the name of the university, the major and personal information. Finally, print the application form, sign by hand and stick a photo onto it.

Notes:

A. Choose "Type B" for CGSAMP Program. Agency No. 11287. Discipline is "practical economics", majoring "audit".

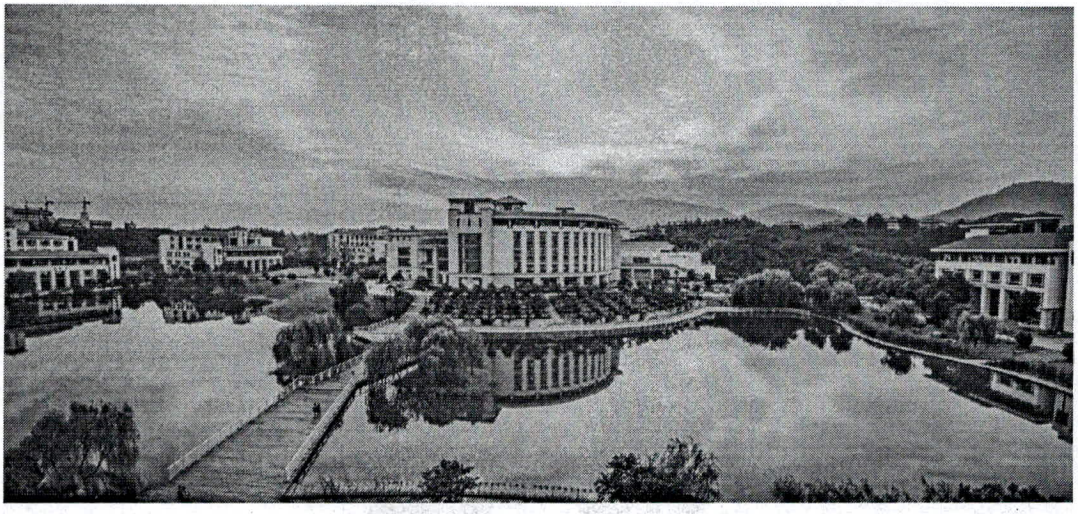

B. The auto-generated CSC code will be filled into *JW 201 Form*.

Note: Applicants should complete the online application on both Nanjing Audit University International Students Enrollment System (http://apply.nausie.cucas.cn/) and the China Scholarship Council's Application System (http://studyinchina.csc.edu.cn /).

iii. Application Deadline

June 6, 2024

The enrollment time is at the beginning of September, 2024. The specific time is subject to the admission notice.
